BUDGET SUBCOMMITTEE NO. 4 ON CLIMATE CRISIS, RESOURCES, ENERGY, AND TRANSPORTATION

Select Committee on Climate Innovation and Infrastructure
November 19th, 10am
Healdsburg City Hall-City Council Chamber
401 Grove St, Healdsburg, CA 95448

Topic of Hearing: Capturing emissions in agriculture and manufacturing with innovative technologies and processes

Agenda

Panel 1: Reduction, capture, and reuse of methane from dairy and livestock operations
The California Climate and Ag Network (CalCAN) will highlight examples of dairies and livestock operations utilizing manure management practices that reduce methane emissions and improve local water quality, with a local farmer as an example.

Speakers:
Renata Brillinger, CalCAN Executive Director
Doug Beretta, Beretta Family Dairy

Strauss Family Creamery will present their cutting-edge studies on reducing methane from cows by utilizing new feedstock derived from seaweed, as well as reuse of methane as fuel for their equipment.

Speaker:
Joseph Button, Straus Family Creamery VP of Sustainability & Strategic Impact

Panel 2: Carbon capture in California's craft breweries
Russian River Brewing Company will give a presentation on their innovative process that captures carbon dioxide to be recycled into the brewing process.

Speaker: Natalie Cilurzo, Russian River Brewing Company Co-Owner and President

The California Craft Brewers Association (CCBA) will give a presentation on industrywide efforts to capture and mitigate emissions.

Speaker: Kelsey McQuaid-Craig, CCBA Executive Director
